ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

ROMANTIC MARRIAGE.

It has become known that Andrew Carnegie's niece, Nancy, was secretly married about a year ago to a riding master, James Hever. The story is confirmed by Mr. Carnegie, who says: "My niece was married to Mr. Hever in New York about a year ago. Hever was a riding teacher in the family. The family has no objection to the match. Mr. Hever is an honest, upright young man. I would rather Nancy had married a poor, honest man than a worthless duke. We want no rich men in the family."

Mr. Carnegie said that Mr. and Mrs. Hever went to Europe immediately after their marriage. The story of the love affair is almost as romantic as a fairy tale.

Mrs. Lucy Carnegie, the mother of Mrs. Hever, has a splendid home at Lexington and Penn avenues, in the Homewood district of Pittsburg, and spends a part of her time there. She has a yacht in which she cruises the greater part of the summer, being one of the few women members of the New York Yacht Club. The Carnegie building on Fifth avenue, New York, is her property. It is worth more than $2,000,000.

The daughter had no great love for school, but was very fond of outdoor life, especially cross-country riding. She is a daring and skillful horsewoman. She is small of statue, but sturdily built, like her mother; and, unlike her sisters, who are pronounced burnettes, she is of fair complexion. Even as a young girl she was given the pet name of "Nancy, the Silent," because of her quiet ways and thoughtful, serious demeanor, and these characteristics became more pronounced as she grew to womanhood. She is about 23 years old, and had been much sought after since her formal "coming out."

Mr. Heaver was formerly coachman for his wife's mother, Mrs. Thomas Carnegie, in Pittsburg, and at her winter home, at Fernandina, Fla. He was a widower with two small children.

Fruit Damaged.

A heavy frost Tuesday night has seriously damaged the peach crop in Frederick county and in the adjoining section of the State. Apricots, cherries, and plums are also badly injured. Fruit growers say it is impossible to correctly estimate the extent of the injury at this time, but it is admitted that the crop has been injured to the extent of many thousands of dollars. Until Tuesday night, the wind had saved the fruit during the recent cold weather.

A dispatch from Norfolk says that yesterday the weather bureau reported a greater deposit of frost Tuesday night than the night before, but a deposit calculated on account of a higher temperature to have done less damage in that vicinity than on Monday night, when the thermometer went to 36 degrees. The temperature Tuesday night fell to only 40 degrees.

It is estimated that the cold weather in killing off crops has caused a loss of over $100,000 in Norfolk county alone.

Advices from Roanoke say that after surviving a snowstorm that raged last Sunday, followed by ice and wind and a temperature in the twenties on Monday and Tuesday, the fruit crop of that section was about wiped out by a killing "black frost" Tuesday night. The Valley of Virginia was white with frost yesterday morning, and people from different points say the crop has all been killed.

News from Bent Mountains and Back Creek, is not encouraging, and it is feared the export apple crop in that section is lost. If this proves the case the loss to the fruit growers means thousands of dollars. Early vegetation has fared the same fate as the fruit. Last night it is much warmer.

Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively CURING disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

CODFISH.—New Boneless and Shredded Codfish just received by
J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, APRIL 20, 1905.

CHESTER BELL was fined $25 and costs, amounting to $35, in Muncie, Ind., yesterday, for having cigarette papers in his pocket. Bell said he had never smoked a cigarette in his life. He was arrested on another charge, and, on being searched, the papers were found in his pocket. Edward M. White, the new city judge, warned Bell that a repetition would call for a fine of $100. As the result of the arrest of John M. Lewis, of Anderson, Ind., and his being fined in a township court yesterday for smoking a cigarette, an appeal was taken to the Circuit Court for a test of the constitutionality of the law. Lewis was arrested by a constable for smoking a cigarette in the street and was fined $35. The cigarette habit is condemned by many and upheld by others. The laws of this city and State provide penalties when cigarettes are sold to children under certain years. The cocaine habit, however, seems to be causing most anxiety of late, as the victim of that narcotic is likely to commit any overt act while under its influence. It is suggested that the negro who ran amuck at Fishtown Tuesday had been using both cocaine and liquor. The laws in regard to its sale should be made more rigid. There is ground for belief that certain persons, both white and colored, supply customers in this city with cocaine, and that most of the narcotic disposed of comes from Washington.

THOUSANDS of Mexicans are coming to the United States in answer to enticing advertisements of railroad contractors, and as a result many of the frontier counties of that republic are being depopulated of their able-bodied men. The Mexican authorities are becoming frightened over the prospect, according to a report received by the State Department from U. S. Consul Canada at Vera Cruz, and are trying various methods to stop the exodus. More than 10,000 men from Mexico have gone to Arizona and California alone, Mr. Canada writes, and he fears that the majority of them will in time become charges upon the citizens of the United States, for as soon as they get out of work at the places they first visited, they will be set adrift and without any knowledge of the customs or the language of the people of the country will starve unless they turn tramps or criminals and thus live off the citizens. "The frontier states are not the only ones to become depopulated by the exodus to the United States," says Mr. Canada. Durango, Zacatecas, Aguascalientes and Guanajuato are also being robbed of their sons. The Mexican Consul at San Diego, Cal., implores his government to do something to stop the drain.

THE scandal in the Pension Office over the approval of pensions for members of a Pennsylvania and New Jersey regiment who never did more than volunteer for service, resulted yesterday in the retirement of nine of the 10 pension examiners constituting the Board of Review. Resignations of the nine examiners were transmitted by Pension Commissioner Warner to Secretary Hitchcock, who promptly accepted them. Both the secretary and commissioner declare the incident closed. The ousted examiners, however, assert that representations were made to them that if they would resign they would be quietly restored in the near future. The one examiner left on the board never passed on the original question involved. The whole department should be reorganized.

A RAY of hope is being thrown out to one-legged men by a case which is attracting considerable interest in Denver, where it is said a printer named Harry Meyers, who recently lost one of his legs, is being provided by nature with a new one—not of wood, but of flesh, blood and bone. The limb is said to be literally growing back on, being replaced by flesh and bone at the rate of nearly one-half inch a week. The young man was in a railroad wreck in Springfield, Ohio, in 1899, in which his leg was crushed. It withered away until he followed the advice of surgeons and had it amputated three inches below the knee, four years ago. The stump never shrank and six weeks ago began its healthy, vigorous growth. Wonders will never cease.

THE efforts of certain big Chicago grain operators to corner the wheat market have been frustrated, at least for the present, by the effect of the government crop report, which indicates a winter wheat average of 91.6 on April 1, as against 76.5 at the same time last year. This means probably 68,000,000 bushels more than the big crop of 1902. The battle for control of May wheat has been waged at Chicago between John W. Gates and J. Ogden Armour, the latter selling and the former buying. It is rumored that Gates may come in conflict with the law against cornering the necessities of life, but the laws delay it proverbial.

THE Public Service Corporation of New Jersey has posted notices prohibiting all employes of its car lines from gambling or betting in any form, but it will require more than posted notices to prevent men from gambling when they want to do so.

WAR on policy playing and the backers of the game has been declared in Brooklyn, and an investigation of this species of lottery has been ordered. Policy is a standing target for lawmakers, but its practical extermination seems as far off as ever.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 20.

Miss Katherine Norbeck, the young woman who was shot by Frank Jones, and who was operated on by the surgeons at Providence Hospital, died this morning at 4:30 o'clock. The bullet was extracted and for a time it was thought she would rally and recover, but a turn for the worse occurred shortly before 4 o'clock and she passed away about 4:30. Jones, the murderer, is still improving at the same hospital. His wounds are not as serious as it was first supposed and unless blood poisoning sets in he will recover.

Lucien Tuttle, of Boston, President of the Boston and Maine, the Maine Central and other New England Railroad Corporations, denied in the Senate committee on Interstate Commerce this morning the recent charge of Judge Prouty of the Interstate Commerce Commission, that the Railroad managers of the country were in "stiff neck opposition" to proper regulation of public utilities and that they were eagerly desirous of throttling any attempts to secure such legislation.

Theo. P. Shonts, Judge Magoon and Clarence A. Edwards, forming a majority of the executive board of the Panama railroad, had a conference this afternoon with a delegation of business men from New Orleans who desire that action shall be taken which will enable much of the material to be used on the Panama canal to be shipped through their port. They also want the docks at Colon to be thrown open for the use of the fruit steamers that ply between New Orleans and the isthmian ports. The general question of rates over the Panama railroad is also involved.

Officers of the Department of Justice who have been investigating for the State Department the facts in connection with the recent killing of the Italian, Joseph Leanto, near Alexandria, Va., who met his death while resisting arrest, after he had killed a deputy marshal who was trying to serve a warrant on him, have made a report to the State Department the conclusion of which is that Leanto "died from gunshot wounds while offering resistance to lawful arrest". The Italian Ambassador has been interesting himself in this case because of the conflicting reports which have been made as to whether Leanto's wounds from which he died were inflicted by himself or were occasioned by members of the posse which was trying to hunt him down. Gov. Montague, of Virgiaia., is also conducting an inquiry and when his report is received by the State Department it, together with that of the Department of Justice, will be submitted to the Italian Ambassador. It is expected that will end the case.

The following changes were made in the postoffices in Virginia today: May Carruthers to be postmaster at Levy, Loudoun county, vice Herman R. Smith, resigned; E. H. Vansickler, to be postmaster at Mountville, Loudoun county, vice J. M. Mount, resigned.

Naval opinion here is to the effect that news of torpedo attacks by the Japanese on the Russians may be expected in the course of the 48 hours.

Senor Munoz, the Guatemalan minister, has recently had reason to believe that a revolutionary movement against his country was being fomented by political refugees in Mexico and in Salvador. He has been making frequent inquiries at the State Department on the subject and was there again today on the same business. This government has been unable to give him any information as yet, but has assured him of its earnest desire that there shall be no breach of the peace.

Valeriano Gasic, in arms against the authority of the United States in the Philippines, and sentenced to be hanged, has had his sentence commuted to life imprisonment on the remarkable ground that he did not know that he was fighting the government. He thought he was still battling Spanish oppressors. Word that Governor General Wright has commuted the sentence has just been received here. Gasic's wife took up his cause and in her plea for clemency made the statement that her husband took up arms against Spain in 1896 and remained in the field until 1904, when captured by the constabulary, still of the opinion that his acts were directed against the Dominion of the Dons. The date of Gasic's execution was so near at hand that the gallows had already been erected, when proof of the culprit's ignorance saved his neck.

Parents Charged with Murder.

Warrants were issued in Newport News, Va., yesterday for Mr. and Mrs. Eugene S. Burnett, who left there suddenly Tuesday night, following the mysterious disappearance of their five-weeks old baby. The young couple are said to have told conflicting stories concerning the whereabouts of the child and the neighbors became suspicious and reported the matter to the police by whom warrants were secured. The couple eloped from Richmond to North Carolina months ago and were married. The latest story said to have been told by Mrs. Burnett was that the child died March 6 and that she gave it to a negro to bury. Mrs. Burnett was Miss Willow Jenks, daughter of Cary Jenks, of Manchester. She is 20 years old. The couple were married August 30, 1904.

RUSSIAN AFFAIRS.

The Japanese feeling in Tokio against the French is increasing, particularly since the reports that Admiral Rojestvensky is maintaining a patrol and examining neutral shipping off Kamranh bay. It is reported from Tokio that the elder Japanese statesmen and the principal cabinet ministers have sent a strong protest to France against violations of neutrality in sheltering and giving assistance to the Russian fleet.

According to a belief in Tokio Vice-Admiral Rojestvensky's second Pacific squadron is still at Kamranh bay, French Indo-China, and the newspapers of the Japanese capital continue to demand vigorous action against France for her alleged violations of neutrality.

It is understood the Russians intend staying at Kamranh bay for at least three weeks longer, probably until other vessels of the navy reinforce those already there.

It is believed in Russian official circles that Admiral Togo will not give battle in the open sea, but will attempt to destroy the Russian ships by torpedo attacks at night.

Japanese movements on the Russian left flank indicate a plan to interpose a Japanese force between Harbin and Vladivostok. No very important operations on land are expected until the hostile fleets have had a decisive clash, the result of which may end the war.

Dr. Nelson Shot and Killed.

Dr. Alexander Taliaferro Nelson, of the staff of the Western State Hospital, at Staunton, was killed at Covington, Va., Tuesday night by Dr. Lawrence Anderson Bragg, a well known dentist, under the belief that Dr. Nelson was a bank burglar.

Dr. Nelson arrived at Covington on a late train to visit his brother. Attorney George C. Nelson, who has rooms next to the Citizens' National Bank building. Dr. Nelson lost his way and was at the entrance to the bank building when the shooting took place. Dr. Bragg heard what he thought was a noise made by an attempt to break into the bank and shot in the direction from which the noise came. The ball struck Dr. Nelson and he fell and expired. His brother was at the Hot Springs at the time, and returned yesterday. He made arrangements to take the body to Rapidan for burial. Dr. Bragg is prostrated by the lamentable affair.

Dr. A. T. Nelson was born about 30 years ago in Baltimore, but for a number of years lived with his parents at Rapidan, Va. His father was George Nelson, an attorney at Rapidan, and his mother was a Miss Taliaferro, the daughter of Col. Alexander Taliaferro.

Johnson Acquitted.

D. T. Johnson was acquitted at Swords Creek, Russell county, Tuesday of killing Charlie Short. S. M. Farrar was held in $1,000 bond for his appearance before the grand jury. The evidence went to show that Farrar killed Short, though both men fired on him at the same time. Short had more than one murder to his credit and completed a term in the penitentiary here only a few months ago.

Short entered the room of Miss Nannie Densmore, who was boarding in the Johnson home, a few nights ago, it was believed, with the purpose of criminal assault, and when she gave the alarm he jumped out of the window. Being pursued by Johnson, he fired on him, and later returned and attacked the house. Johnson sought assistance, and S. M. Farrar joined him. They got guns from Farrar's store and started out to arrest Short. He saw them coming and opened fire with a pistol. Johnson and Farrar both fired simultaneously, and Short was instantly killed. Neither Johnson nor Farrar was heard in the preliminary examination.

A Narrow Escape.

Passengers on the electric train scheduled to leave Washington, 5:15 o'clock, yesterday evening, but which did not leave until about 5:30 o'clock, narrowly escaped what might have been a disastrous collision. The train was emerging from the arch under the tressle work on the south side of the new bridge when it was brought to a sudden stop scarcely five yards from a north bound electric train on the same track. Who is to be blamed for such rank carelessness? Is it due to the inability of the trainmen, operators or those who have the management of the road in charge? Are the people to have no explanation? Is no effort to be made to find the guilty party or shall we sit back quietly and await a repetition of wreck that occurred at Spring Park last month? Yours truly

Dear Sir: If you paint two houses alike with two different paints, and one takes twice as much paint to buy after that—so far as go-far goes—don't you?

One of these paints is Devoe; the other is any average paint. The worst are worse than that; the better are not much better; no other paint than Devoe is anywhere near Devoe in go-far. Devoe is go further; the rest are go-short go-middling and go-three-quarters.

Today's Telegraphic News

Martin and Montague.

[Special Dispatch to the Alexandria Gazette.]

Richmond Va., April 20.—Senator Martin's friends are making great preparations for the rally here Saturday night. Governor Montague announces that he will make an address in the same hall the following week; he would speak earlier except for an engagement a theatrical company has made for the hall.

Suicide of Would-be Murderer.

Pottsville, Pa., April 20.—Barricading himself in the upper story of a tenement at Minersville, to escape the officers of the law, who were trying to take him in custody for shooting at and attempting to kill his wife, Agnes, and their two year old babe, Joseph Sarcofski, aged 35 years, held a crowd numbering several hundred at bay, from before 7 o'clock last evening, until 5:45 o'clock this morning. He fired many shots from a window at which he kept his long vigil, wounding several persons in the crowd and then in final desperation, having boasted he would not be taken alive, he committed suicide by turning his weapon on himself. The cause of the attempt which he made upon the life of his wife and child was a quarrel over the payment of the rent. The wife had given him five dollars with which to make a settlement for the month's rent, and instead he spent it for drink, and came home rum crazed. When his wife expostulated with him, he drew a 32 calibre revolver and fired upon her while she was walking the floor with the child in her arms. Happily the bullet missed its marks, and was imbeded in the wall. Overcome with remorse, the husband tried to get his wife to refrain from telling the authorities of what he had done, but instead, she took her babe and fled to the neighbors. The final scenes are given above.

Municipal Ownership.

Springfield, Ills., April 20.—Municipal ownership took a tumble in the House yesterday, and unless the unexpected happens, there will be no legislation this session providing for the municipal ownership of gas and electric lighting, power and heating plants, in the State at large. The gas bills introduced in the House last week and rushed to the third reading within two days came up in the House late yesterday afternoon as special orders on third reading, but they were referred to the committee on municipal corporations. This committee will meet this afternoon for the purpose of listening to argument by gas representatives who are opposing the measures, and who assert that their adoption will mean the confiscation of $800,000,000 investments in Illinois, $200,000,000 of which is outside of Chicago.

War in the East.

St. Petersburg, April 20.—A telegram from Chan Chavadski, Manchuria, says that a Russian patrol reports that the turning movement has begun eighty miles northwest of Kwanchentsi. Two forces are participating, each composed of 3,000 chunchuses, and several thousand Japanese. The latter are supplied with twenty-two guns.

Saigon, April 20.—The Baltic fleet is still in Kamranh bay. Admiral De Jonquieres, commanding the French vessels in this region, has taken every step to insure the neutrality of France while the vessels remain in these waters.

London, April 20.—A despatch to the Reuter Telegram Company, from Paris, states that the Russian squadron left French waters several days ago.

Hyde Refused to Resign.

New York, April 20.—James Hazen Hyde, first vice president of the Equitable Life Assurance Society and chief owner of the society's stock, enjoyed this morning, as an afterbreakfast sensation, the strange thrill of being asked to "voluntarily resign the vice presidency" of his own company. The request was made by the agents' committee of five, appointed at the meeting of the general agents for the purpose at the Savoy Hotel, at the home of Mr. Hyde, who received the committee by appointment. Mr. Hyde declined most politely, declaring that such an action on his part would be "cowardly and disgraceful." The committee retired with Mr. Hyde's answer, and reported to the meeting of the agents at the Savoy Hotel.

Emperor Washed Aged Men's Feet.

Vienna, April 20.—Following an ancient Holy Thursday custom, Emperor Franz Josef today performed the ceremony of washing the feet of twelve aged men. The ceremony was performed in the hall of ceremonies of the imperial palace, in the presence of the Grand Dukes and other members of the nobility. Following the washing of their feet, the old men were presented with an apostle's cup and mug, and $5 each. The aggregate ages of the twelve men was 1,086 years. Twelve women, who ages aggregated 1,087 years participated in all of the ceremony except the foot-washing. In addition to other gifts, they received small wooden tubs with lids bearing the initial of the late Empress Elizabeth.

Russian Embezzler.

London, April 20.—A dispatch to the Central News from St. Petersburg says that a great sensation has been caused there by the announcement that a prominent member of the council of the ministry of finance has absconded after embezzling 130,000 roubles from the military fund for supplying the army with provisions. The police are making an active search for the absconding official.

The general strike on the trans-Caucasian railway is spreading. The train service has been suspended and it is very difficult to even send a telegram.

Japan's Protest.

Paris, April 20.—The report that the Japanese have protested through Dr. Montono, the Japanese representative here, that the continuance of the Russian fleet in Kamranh bay is a violation of neutrality and have asked for certain information is confirmed. M. Delcasse, the minister of foreign affairs, replied courteously. He said that the information asked for would be furnished, although it will require some time to obtain the facts and data.

Daughters of America Revolution.

Washington, D. C., April 20.—The first ballot for president general of the D. A. R. resulted in a dead lock. The vote was, Mrs. Donald McLean, of New York, 342; Mrs. George M. Sternberg, of Washington, D. C., 201; Mrs. Charles Warren Lippitt, of Providence, R. I., 164. Total number of votes 707; necessary to a choice 354.

It took twelve hours for thirty women to count the vote. The polls closed last evening at 7:30 and the thirty tellers immediately went into executive session at the Ebbitt House, with transoms covered and key-holes stuffed. They were at it until 7:45 this morning, when they emerged from the room utterly worn out by the all night task, only to report a dead lock.

The announcement of the vote at this morning's session of the Congress was greeted with thunderous applause on the part of the "opposition," their champion, Mrs. McLean falling short of an election by only 12 votes. This was better than her most ardent partisan expected on the first ballot. They confidently predict her election on the second.

Mrs. Barker of Rhode Island, took the platform; the tellers report was accepted, and announced the withdrawal of Mrs. Lippitt.

A motion carried to proceed at once with a second ballot of president general. Many delegates have left the city but which side will benefit by the decreased vote can not be told.

Of the 16 candidates for vice president general more than 10, the number to be elected, received a majority vote, but a motion was adopted to declare elected the ten who received the largest vote. The following 10 were declared elected: Mrs. John R. Walker, Kansas City, Mo.; Mrs. Mary Wood Swift, San Francisco, Cal.; Mrs. Charles H. Deere, Moline, Ill.; Mrs. O. J. Hodge, Cleveland, O.; Mrs. J. J. Estey, Brattleboro, Vt.; Mrs H. S. Chamberlain, Chattanooga, Tenn.; Mrs. Lindsay Patterson, Winston-Salem, N. C.; Mrs. John Cunningham Hazen, Pelham Manor, N. Y.; Mrs. Geo. W. Nicholls, Spartansburg, S. C.; Mrs. Franklin E. Brooks, Colorado Springs, Colo.

Mrs. Mary Desha, of Washington, D. C., defeated Mrs. M. B. Prentis, of Washington, D. C. for recording secretary-general, receiving 418 votes to her opponent's 262.

Mrs. Virginia Miller, of Washington, D. C., defeated Mrs. John Russell Young, of Washington, D. C., for corresponding secretary general, receiving 363 votes to her opponent's 300.

Mrs. Stewart Jamieson, of Alexandria, Va., defeated Mrs. George D. Martin, of Washington, D. C., for registrar general, receiving 374 votes to her opponent's 276.

Mrs. Kendal, of Maine, who nominated Mrs. McLean, rose just before the second ballot commenced and announced that Mrs. McLean "in the interest of harmony" had wired to withdraw, but at the "urgent solicitation" of her friends had been prevailed on to stay in the race. "We hope you will support the candidate in majority on the first ballot."

The last sentence was lost in an uproar on the floor, delegates shouting, hissing and cheering.

The hottest scenes of the congress marked the progress of the balloting.

Mrs. Kinney, State regent, of Connecticut, was cried down when she attempted to announce that statements that Connecticut had gone solidly to Mrs. McLean were unfounded.

Mrs. John A. Murphy, of Cincinnati, Ohio's vice-president-general, advanced to the stage shouting "no, no" at the top of her voice. Mrs. Kinney withdrew.

She was followed during the uproar by Mrs. Peele, of Georgia, who claimed a question of privilege.

"I reserve the right to decide the question," shouted Mrs. Fairbanks.

"Yesterday it was declared that no campaign speeches would be heard" Mrs. Peele stateted.

Bedlam was again loosed. Mrs. Fairbanks was finally heard denouncing Mrs. Peele.

"Back to your seat," she screamed. "You have broken faith. You are dishonored."

Mrs. Fairbanks had to belabor the table for minutes before quiet was finally restored and the balloting resumed.

Italian Asphyxiated.

New York, April 20.—George G. Burno, an Italian, about forty years old, was accidentally asphyxiated by gas in a room at the Pennsylvania Hotel last night. Burno comes from Washington, D. C., and was to have sailed aboard the Italian steamship Washington, this morning, for Genoa. One hundred and sixty-eight dollars in money and a sealed letter of credit on a bank in Naples were found among his effects.

Thirty Persons Drowned.

Tokio, April 20.—A message from Djulpa states that thirty persons were drowned by the sinking of a ferry while crossing the river Arake.

New York Stock Market.

New York, April 20.—The stock market during the first hour's speculation was influenced by two factors, that were construed unfavorably as to their market effect. These were the signing of the stock tax bill by Governor Higgins and the triple holiday. For some time during the first hour, more attention was paid to discussion of tax bill than to business. Traders generally took the bear side and offered stocks down. Some of them repeated the cry of "Too many holidays" as they threw over stocks for both accounts. This selling had the effect outside of the room and caused renewed liquidation by commission houses that were buyers on the rise yesterday.

Long and pronounced earthquake waves which rose to a height of twenty yards were observed at Valencia, Spain, yesterday. Innumerable fishes were killed by the phenomenon, and many wells overflowed. A great deal of damage has been reported and it is believed that several persons lost their lives.

Official messages received in London from India, dated April 18, state that severe earthquake shocks have occurred in the Kulu valley since April 4. On the night of April 17, there was a terrible shock, and the people became panic stricken, and rushed from their homes which were badly damaged. The loss of life in the Kulu valley is placed at 700 persons. The traffic is congested, but the roads are being cleared with difficulty.

The Japanese government is about to raise another domestic loan of $50,000,000.

Police Commissioners.

The only business transacted at the meeting of the Board of Police Commissioners last night was the election of one policeman. It was purposed to elect two, but after a number of ineffectual ballots the board adjourned.

Mayor Paff and Commissioners Lawlar, Fisher and Graham were present.

After the board had been called to order Mayor Paff suggested that inasmuch as there were a number of candidates that a secret ballot be taken and that the two who received the highest number of votes be formally elected.

Messrs. Fisher and Lawler demurred to this proposition.

The Mayor said he had not pledged himself to any of the candidates, but intended to vote for the men he deemed best fitted for the position, and said his suggestion was for the purpose of expediting the selection.

Mr. Fisher again opposed the proposed plan. He said he had made up his mind as to whom he would support. His candidate was eminently fitted for the position, and he wished he aspired to something higher than a policeman and it was in his power to aid him in his ambition.

Mr. Graham seemingly sided with the Mayor. He intended to vote for the men he deemed best for the places, regardless of everything else.

Letters from the following applicants were then read: James T. Patterson, Raymond W. Smith, Samuel Reed, James Hall, Charles W. Bell, Wm. H. Cline and F. J. Garvey.

The first ballot resulted as follows: Mayor Paff, Bell; Mr. Lawler, Smith; Mr. Fisher, Garvey; Mr. Graham, Bell. No election.

2d: Mayor, Bell; Fisher, Garvey; Graham, Bell.

The third ballot showed the same result.

4th: Mayor Paff, Patterson; Lawler, Smith; Fisher, Garvey; Graham, Bell.

5th: Mayor Paff, Patterson; Lawler, Patterson; Fisher, Patterson; Graham Smith. Mr. Patterson was therefore declared elected.

Fourteen ballots followed without result. Mr. Lawler voted on each for Smith and Mr Fisher for Garvey, while the Mayor and Mr. Graham voted at times for Smith, Hall and Bell.

On the 9th ballot Mr. Graham suggested that Messrs. Lawler and Fisher change their votes occasionally, as the Mayor and himself were doing.

These gentlemen, however, said that they had promised to support their men and purposed to continue to do so.

After the 14th the ballot Mayor Paff suggested that the election of the other officer be postponed.

Mr. Fisher advanced the plan of placing the names of the candidates in a hat and drawing one which all the commissioners would vote for.

Mr. Lawler said it was nothing unusual to see similar deadlocks in certain bodies when elections were in progress.

Mr Fisher moved an adjournment, and his motion prevailed.

Good Friday.

Tomorrow will be Good Friday, the most solemn day in the church calendar, commemorative of the crucifixion of the Saviour. The day is specially observed in Catholic, Episcopal and Lutheran churches and services will be held in those churches as follows:

St. Mary's—Mass of the presanctified and adoration of the holy cross at 8 a. m.; holy way of the cross at 3 p. m. and 7:30 at night.

Christ Church—Services at 11 a. m.

St. Paul's—Services at 11 a. m.

Grace Church—Morning prayer and sermon, 10:30 a. m.; the three hours' service, 12:00 to 3:00 p. m.; evening prayer and address, 7:30 p. m.

Immanuel Lutheran—Services at 11 a. m.

Today is Maundy Thursday, or Holy Thursday, and services appropriate to the day were held in the above mentioned churches.

Holy Thursday.

Interesting and impressive services in connection with Holy Thursday were held in St. Mary's Church this morning. Solemn high mass was celebrated. Father Sullivan, of the Catholic University at Brookland, was the celebrant, Father Cutler deacon, and Father Patrick, of Warrenton, sub-deacon. An interesting feature of the service was the procession of children—male and female—the latter in white, who marched through the church strewing flowers, and who were followed by one of the priests bearing the sacrament.

Sidewalk Obstructions.

There is considerable murmuring on the part of King street merchants at the enforcement of the letter of the law forbidding the placing of goods or obstructions of any kind on streets. While numbers have used but a small space adjoining their stores, others have at times taken up a considerable portion of the sidewalks. The authorities have winked at these violations of the law until recently when, they aver, it became necessary to enforce the ordinance from the fact that the custom had reached proportions, which rendered this step necessary; hence all merchants have been compelled to remove goods and everything else from pavements. The moderate use of sidewalks for the display of goods or during the reception or delivery of merchandise would doubtless not have resulted in such drastic action on the part of the authorities, and those who have heretofore only used small portions of the pavements adjoining their places of business are disgruntled at being compelled to remove their wares, and call attention to the fact that others have platforms three or four feet wide in front of their stores on which they can place goods without violating the law. It is said that a movement is on foot to have a more conservative law enacted by Council.

Property Sales.

Capt. R. F. Knox, for commissioner of sale Gardner L. Boothe, sold at auction today, pursuant to a decree of the Corporation Court of the city of Alexandria in certain chancery suits therein depending, the following pieces of property:

A parcel of real estate on the north side of Queen street, between Pitt and Royal, to W. P. Graves for $650; a lot of ground, No. 5, on Fairfax street, between Jefferson and Franklin, to J. H. Robey for $110; also lot No. 9 to J. H. Robey for $100; lots Nos. 6, 7 and 8 of the same parcel of ground to W. P. Graves for $75 each; a lot of ground on the east side of Fairfax street, between Queen and Princess, subject to ground rent, to H. L. Strider for $11; a lot on the south side of Wilkes street, between Pitt and Royal, to M. B. Harlow for $300; also a lot of ground on the east side of Pitt street, between Wilkes and Gibbon, to M. B. Harlow for $350.

Horse and Buggy in Trench.

A horse attached to a buggy strayed into Columbus street shortly after 3 o'clock this morning, and when between Queen and Cameron streets ran into the open trench where a sewer is being constructed. The horse became wedged in so closely that the animal was unable to move, while the buggy was toppled over and one side thrown into the chasm. Officers Knight and Roberts soon learned of the accident and repaired to the scene. They detached the buggy from the horse and placed the vehicle in its proper position, but were unable to extricate the horse. After 7 o'clock the animal was extricated by widening the trench, when it was found that the horse had received serious injury, and it was shot. The horse and buggy belonged to Mr. P. T. Harrington and had been hired by certain persons engaged in railroad work north of the city, and the horse being left by itself was on its way to the stable in this city.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A young man, arrested by Officer Henderson charged with disorderly conduct, forfeited $5 collateral by failing to appear.

A young man, arrested by Officer Roberts charged with assaulting and beating another man, was dismissed, as the charge was not sustained.

Robert Grady, colored, arrested by Officers Lyles, Beach and Mayhugh charged with discharging a pistol in the street, was dismissed.

Accident to Colored Man.

While holding the lines of his runaway team on the Long Bridge last night, James E. Coates, colored, sixty years old, was pulled from his seat on the wagon and thrown beneath the wheels. He was picked up by some workmen who were crossing the bridge and taken to the Emergency Hospital in Washington. His condition is considered as serious, as it is believed his skull is fractured. His neck and shoulders are badly contused and lacerated. Coates lives at Addison, Alexandria county. The runaway was caused by a collision between Coates's wagon and another team.

Accused Dismissed.

About two o'clock this morning several pistol shots were heard at the foot of King street. Officers Beach, Lyles and Mayhugh ran to the scene and ascertained that a colored man who conducts a cookshop had discharged the pistol at two white men who he supposed were endeavoring to break open his door and assault him. The colored man was arrested, and this morning it was shown that the white men wanted to procure oysters and the colored man misunderstood them. The prisoner said he discharged the pistol in the air. The accused was dismissed.

Fire Last Night.

The alarm of fire early last night was caused by a slight blaze at the Old Dominion Glass Works, which was quickly subdued. The department was soon on the scene and rendered prompt and efficient service. Mr. G. D. Hopkins today presented to Chief Pettey a check for $10 for the fire department in recognition of their work.

Fire Hose.

Last year the City Council made an appropriation of nine hundred dollars to purchase one thousand feet of hose. It will be recalled that in December last a division of opinion between the Fire Wardens as to what brand of hose to purchase was the cause of some discussion and later ran to arbitration. The award was made to the Fabric Fire Hose Company, who have a factory at Sandy Hook, Connecticut, and offices in New York city, that company selling their hose at the same price offered by its competitors and also making the city a present of two hundred feet. The contract was filed with a city official and provides that the hose will stand a pressure of four hundred pounds per square inch and will not be found defective from mildew, rot or any cause due to defect in manufacture or material for a period of three years. The company further made the terms eighteen months without interest. Mr. C. J. W. Summers, secretary of the Board of Fire Wardens, in handing the contract to the person charged with its custody, suggested that the matter of payment might be looked into. The finances of the city justifying it, and the appropriation having been made by Council, a correspondence between a city officer and the Fabric Company resulted in a saving of a few dollars as the following will show:

Fabric Fire Hose Company,
New York, April 14, 1905.

Dear Sir—We have your valued favor of 12th inst. In reply to your inquiry we beg to say that it will be entirely agreeable to us should you anticipate a payment of your account due in eighteen months at a discount at the rate of 5 per cent. per annum; for instance, if you send us a check by April 27, you are at liberty to deduct interest at the rate of 5 per cent. for fourteen months, representing a rebate of $52.50. Awaiting your further commands, we remain, Very truly yours,

W. T. COLE, General Manager.

"A penny saved is a penny made" and the payment will be made at once. The city has purchased from the Fabric Company, including this 1,200 feet, about 5,000 feet of hose since 1887 and the business with the company has been satisfactory; certainly this last transaction has, as it is shown that the cost of the 1,200 feet of hose to the city is about seventy cents per foot.

Jr. O. U. A. M.

The representatives of Alexandria and Belle Haven Councils, Jr. O. U. A. M., of this city, who attended the annual session of the State Council of Virginia at Manassas the early part of this week have returned. They report having had a most harmonious session. There was an unusually large attendance from the various councils throughout the State. The reports of the State Council show the order in this jurisdiction to be in a most healthy condition both numerically and financially. Among the visitors present at the session were National Councilor W. E. Faison of Raleigh, N. C., and Mr. Stephen Collins, secretary manager of beneficiary degree, Pittsburg, Pa. Among the Alexandrians who were honored with office were the following, viz: Mr. John H. Trimyer, State council treasurer; Mr. W. D. Zimmerman, State council inside sentinel, and Mr. James R. Mansfield, judge of the State judiciary. The local council of Manassas entertained the visitors on Tuesday evening at a banquet. The next session of the State council will be held in Richmond.

James W. Jackson Council, No. 55, Jr. O. U. A. M., will hold their regular weekly meeting tonight. Several candidates will be initiated. A large attendance is expected as very important business is to be transacted, after which a smoker will be had.

"The Crucifixion."

To an audience which well filled Christ Church, the members of the Chapter of Praise of that church last night gave a fine rendition of Stainer's sacred cantata, "The Crucifixion." The chorus and soloists were in fine voice and the work was given with a delicacy and finish that left nothing to be desired. The duet "So Thou Liftest Thy Divine Petition" and the chorus "Fling Wide the Gates" were especially well rendered, and the great beauty and sweetness of tone were especially notable. The solo parts were well sustained by Miss Myra Lee Civalier, soprano; Mr. Harry Stevens, of Washington, tenor, and Mr. J. Harris Franklin, baritone. The quartette work was sung by Miss Myra Lee Civalier, soprano; Miss Anna Vierkhous, contralto; Mr. Kenneth Ogden, tenor, and Mr. Charles W. Moore, basso. The chorus was composed of 30 well known singers of this city. The cantata was given under the direction of Mrs. Charles G. Lennon, organist of Christ Church.

Personal.

Prof. C. K. Sherman, of Alexandria, Va., delivered an interesting lecture before the Melrose High School on the St. Louis Fair last Friday evening. His lecture was accompanied by illustrations of the various exhibits and many curios from all parts of the world. At the close he received a vote of thanks by an appreciative audience.—[Roseberg, Oregon, Review.

Tread Lightly.

A fish dealer in market yesterday morning had a lot of vicious-looking snapping turtles exposed for sale. One of them escaped last night and is somewhere in the neighborhood. Persons whose business or inclination carry them in that vicinity should be careful where they place their feet in the dark, as should the turtle close its jaws upon any one it will not relax its hold until it hears thunder.

Narrow Escape of Trains.

An electric train which left Washington for Alexandria about 5:30 o'clock yesterday evening had a narrow escape from collision with a north bound train at the arch under the Washington-Southern Railway southern approach to the new structure near the Long Bridge. Anarchy in the Balkans.

The condition of affairs in the Balkan States is causing much uneasiness in official circles in Vienna. The hope of a comparatively peaceful spring which had previously been expressed is growing less, and it is declared that the reform work has now been conclusively proved without good or lasting results.

In Zagoricham, province of Koritsa, early this month Greeks fell upon and killed more than 130 Bulgarians, and in Kumanovo, province of Uskub, Turks have killed several Servians. Thus it is seen that all nationalities and Christians and Mohammedans continue fighting each other, while Turkey seems unable or not desirous of affording protection to the people and stopping the disorders.

Formerly there was only the passive resistance of Turkey to contend with, but now the situation has been aggravated by the growing bitter and passionate hatred of the various nationalities against each other, and there is a possibility that some one of the Balkan States might actively enter the field under the pretense of protecting its subjects.

Dowie Follower Assaulted in China.

A follower of John Alexander Dowie, named Kennedy, recently rented a native building in the village of Tsungli, about four days' journey from Shanghai, China, for use in mission work. At midnight April 12 a hundred Chinese armed with swords and wearing blouses marked "People's Volunteers," attacked the house, wounding several Chinese, striking Mr. Kennedy on the head, and leaving him apparently dead, and looting all his goods. A messenger who left Tsungli early the next morning reported that Mr. Kennedy was still alive at the time of his departure, and later advices give hopes of his recovery. [Acting American Consul Davidson promptly dispatched the vice consul with twenty native soldiers to suppress the disturbance at Tsungli. There have been vague rumors of disturbances and growth of anti-foreign feeling similar to that which led to the Boxer uprising in 1900, but no official advices have come to the State Department to verify these reports.

Women Less Graceful than Men.

Women are far less graceful than men, have a poorer anatomical mechanism, and skirts are chiefly useful to hide the ugly angles at the female knee, according to the opinion of Dr. E. H. Arnold, director of the New Haven Normal School of Gymnastics, as expressed yesterday at the convention of the American Physical Education Association, in New York thought dancing was very much more valuable scientifically for women than for men, as strengthening the weakest portions of their frames. Dr. Arnold denounced the social etiquette which bade women trip with mincing steps, and forbade them to run and jump so that the circulation of the blood in the lower limbs was impeded. He advocated the hopping dance, saying that the social dance with its glide or walk, is useless hygienically.

Threw Girl From Viaduct.

Loretta Krekeler, aged nine years, yesterday was thrown from Liberty street viaduct in Cincinnati to the ground, eighty-three feet below. The girl may die. Charles Finch was later arrested. The girl and her six-year-old brother, who was a witness to the assault, said Finch, who was stupefied with cocaine, was the man concerned. The children said that the man grabbed at the boy's hat and that the girl told him not to touch it. The man seized the girl and tossed her over the viaduct rail. Finch said he knew nothing about throwing the girl over the viaduct. He said a colored man gave him a drug and he had not remembered anything after taking some of the cocaine.

New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at E. S. Leadbeater & Sons' drug store.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, grip or make you feel sick. Once used always preferred. They strengthen. Sold by W. F. Creighton & Son, 924 Queen street.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zichefoose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by W. F. Creighton & Son, 924 Queen street.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.
